Description: This is a Dynamic Purchasing System for Data Sources and Services including expertise (DPS Data SaSiE) ONS would like to engage with organisations that have data sources and services including expertise that can support our mission to provide statistics and research for the public good. Our statistics and research cover all aspects of the UK's economy and society, examples which are described below. We are committed to improving the quality, coverage and insight derived from our statistics and research, and to developing innovative approaches to these improvements. This includes the data sources and services; and the expertise to understand it and help us make better use of data. This requirement is divided by 3 broad areas: 1. Economy, Business, Industry and Trade 2. People, Population and Community 3. Specialist **data service** These areas are separated into themes of data (lots), further detail can be found within the associated documentation. To apply for a position on DPS Data SaSiE, please register on ONS's In tend Portal and express an interest in the project. Suppliers can access the link here: <https://in-tendhost.co.uk/ons.aspx/Home> Once registered, Suppliers will be given access to the Supplier Questionnaire (SQ) and documents required to apply. Additional information: To apply for a position on DPS Data SaSiE, please register on ONS's In tend Portal and express an interest in the project.
